## ESNO announces Ms. Francoise Charnay-Sonnek as New President

On behalf of the General Assembly of the ESNO, I am happy to announce that Ms Francoise Charnay-Sonnek has been elected as the new President of ESNO. The membership of ESNO extends warmest congratulations and every success to her in her new position.

During her term of office as vice president Francoise showed great dedication to the task and role. We witnessed firsthand her loyalty and passion for our association. She expressed her intention to build on past successes, to strengthen the unique experience of specialist nurses and to continue the advocacy for the recognition of nursing specialties.

Francoise has the tenacity, talent and leadership skills to address the goals and mission of ESNO towards a new era of healthcare delivery, research and education in the context of nursing specialties.

We are very grateful to have such a successful and highly qualified leader to follow Pascal Rod our immediate Vice-President. ESNO will be in wise and experienced hands during her term of office.

Together with Francoise the Executive committee will work collaboratively to ensure the success of ESNO.

On behalf of the General Assembly  
Yours Sincerely,

Ber Oomen,  
Executive Secretary
